

Listen to the full episode here:

We’ve learned a lot this year.

Ben knows a thing or thirty about water filtration. Lauren secretly rates groundsheets. Adding red cordial to a brand new water bladder helps to eradicate the plastic-like flavour. There *is* such thing as a ‘swent’ (or *is* there?), and it *is* possible to talk for 30 minutes about tent pegs. From burning toilet paper to boiling salt in water – tune in for the laughs, learnings, and most-loved moments of the Snowys Camping Show: Season 2.

We’ve learned alot this year.
