### Remember when things got weird in Episode 57...?

There was talk of portable beer kegs for al fresco frothies, canned sandwiches, and even luminous loo roll – the camping gear on the cusp of clever and the tackle that barely tickles normal.

There's more where that came from! Be it a barbecue from a galaxy far, far away, torches on your shoes, or full-body bug suits – in this episode, Ben and Lauren have 24 products, 52 minutes, 2 microphones, and a whole lot of laughs.

Tune in for the camping gear that's too weird for words... until it's not!
