

Coleman
Lighted Tent Fan & Stand

\$29.90

Details

Illuminate your tent and cool down on a hot summer's night of camping with the CPX Lighted Tent Fan from Coleman.

Air flow wise, you can put it high if it's sweltering, or low if you just need a bit of cool air flow. You can either attach this fan to the tent ceiling by the carabiner or included magnetic plate, or you can rest it on the floor by extending the stand.

The light on this fan is comprised of four LED lights, with bright and night lighting modes for brightening the interior of your shelter. This fan features soft foam blades, which operate quietly and safely, and you power this unit by either a separate Coleman CPX power system or D Cell batteries.

Add some extra creature comfort to your tent when the weather is warm, with the CPX Lighted Tent Fan from Coleman.

- Operates on CPX power system sold separately or 4 x D cell batteries
- Soft foam fan blades for safety
- Carabiner and magnet for attaching to tent ceiling
- Stand for setting up on a flat surface
- Four 5mm LED lights with bright and night light mode
- Fan has high and low airspeed control
