Details

On a trek or travel adventure, the sturdy and now lighter Aircontact ACT 50+10 SL is the durable pack you can count on.

This design is 15% lighter than the original, with a slimline fit, and is spacious to carry everything from food to your shelter. This pack features the Aircontact back system is comprised of an aluminium X frame to transfer the weight to your hips, a VariQuick adjustment system, load adjustment straps, and breathable padding. The front access zipper makes access a breeze, while the bottom compartment has a removable separator for easy load placement.

Store sweaty clothes in the wet pocket, essentials in the external pockets, and adjust the lid according to how much gear you've got. Carry your poles by the attachments, pull over the rain cover in a drizzle, and drink when you're on the move easily as this pack is hydration system compatible. For shorter day trips, detach the lid and use it as a small backpack. Carry everything you need as you explore the globe with the Aircontact ACT 50+10 SL from Deuter.
