

Sea to Summit Ground Control Tent Peg

~~\$4.99~~ **\$3.90**

Details

You could be forgiven for thinking all tent pegs are equal. But it's not the case. The lightweight Sea to Summit Ground Control Tent Peg is a pointy little symbol of innovation.

Made from strong-as-an-aircraft 7075-T6 alloy, this peg will never bend and feature multiple guy points along its length in case you can only whack it in so far. A glow in the dark pull loop (charged by the sun!) makes it a breeze to pull out when you pack up.

At a wee 14g, this is the tent stake for the ultralight trekker who looks at conventional tent accessories with disdain.

Made from durable anodised aluminium
Features a luminescent pull loop
Multiple points for easy guying

Specifications

Snowys Code:	135190
