Details

When you're tired, hungry and just downright cranky, the last thing you want to do is spend the next hour setting up your sleeping quarters and organising your gear. The Easy Fold Single Stretcher from Oztrail is a durable and cleverly designed stretcher that'll get you ready for bed in 10 seconds, with just a flick of the wrist.

Tall campers can rejoice as this stretcher doesn't have head or foot cross bars, so you won't have a metal pole digging into you while you sleep. This stretcher is also a good option if your back needs a firm surface, as it's fully flat with a soft touch fabric top. The durable powder coated frame will keep you sleeping solidly all night and can easily be wiped if it gets a little grubby with use.

The coolest thing about this stretcher is that once you're all warm and comfy in your sleeping bag - you can stay that way as it comes with a detachable mesh gear loft to stash your tablet, book or even a midnight snack. The side organiser pocket has two mesh pockets and one long pocket, so you can keep your phone, GPS and other important gear at arm's length.

10 second set up
