

OZtrail
Tasman 3V Dome Tent

\$69.90

Details

When you're a total newbie to the outdoors, it's easy to get overwhelmed. What you need is something that's simple, lightweight and easy-to-use right? The OZtrail Tasman 3V is the tent that has all the features necessary for all you entry-level campers out there.

The Tasman 3V Dome Tent is ideal for warmer climates, as it's super breathable polyester inner will provide plenty of airflow on a balmy summer night. You won't have to worry about stumbling over in the dark when nature calls, as the doors on the Tasman are a user-friendly D shape.

The cross pole configuration makes the Tasman easier to set up and will help prevent water from pooling on the fly. The fly has been treated with a silver coating which will reflect the heat while also adding an extra element of protection in adverse weather. You can illuminate your tent at night by attaching an optional light to the lantern hook inside, and you can keep your valuables from being trodden on thanks to the handy organiser pockets. For festival-goers, first-time campers and the like the OZtrail Tasman 3V is a great option.

- Sleeps 3
- Front vestibule storage area
- Cross pole construction
- No-See-Um mesh windows
