

OZtrail
Tourer 420 Fast Frame Tent

\$429.00

Details

For the big group tourers out there, the OZtrail Tourer 420 Cabin tent will give you the space and easy set up you're after, without costing you an arm and a leg. With two spacious rooms, you can house 8 adults at full capacity, or you can use one for sleeping and one for relaxing. The large awning can be used as an extended living area with an optional floor guard, or as a shady spot on a sunny day.

The Fast Frame 300 has a strong steel pole frame with durable non-corrosive plastic hubs and reinforced peg and guy rope points for stability. The inner tent and fly is made from light and durable polyester that protects from UV rays and helps to make this tent completely waterproof. The heat taped seams and PVC coated polyester bucket floor with laminated welded corners will keep you dry in wet and windy weather conditions - so there'll be no damp and disgruntled campers in sight.

Each window has a storm flap that can be shut with Velcro which will keep out wind-driven rain. You'll also get plenty of airflow from the No-See-Um mesh which will prevent any insects from making a surprise appearance inside your tent. To set up simply lay it flat, unfold the knuckles, extend the legs out, add the fly over the top and then set up the awning and you're good to go!

2 rooms
Sleeps 8 Adults
