

Coleman  
Fast Pitch Event 12 Shelter

~~\$329.99~~ **\$249.90**

### Details

When the sun is out, and the weather is fine, it's always a good time to fire up the barbie and get some mates together for a little outdoor soiree. The only problem is, that harsh Australian sun can wilt your salad, turn your drinks lukewarm, and turn your skin to a lovely shade of beetroot. That's why you've got to make sure you protect you and your guests with a nice spot of shelter, like the Fast Pitch Event 12 from Coleman.

The Event 12 is free standing and can be adjusted to make it the right height for you and your pals. This model is so much easier to use than other outdoor shelters, as it has a fast-pitch system that means you can set up this bad boy and take it down in under 5 minutes. The heavy-duty canopy has 50+ UV protection, so the fabric won't deteriorate, and it will provide an excellent shield from the sun. This shelter is also tested at high winds, so it'll stay sturdy if the weather turns a little sour.

For an easy to set up shelter that'll take your outdoor events next level, the Coleman Fast Pitch Event 12 Shelter is the way to go.

- Freestanding
- Adjustable height
- 50+ UV protected canopy
- Fastpitch system for 5 minute set up and take down
- Wind tested at 100 kph
- Easy glide and pinch-free frame system
