

OZtrail Recovery Hitch

~~\$74.99~~ **\$49.90**

Details

You should NEVER use a tow ball or non-rated attachment point for a vehicle recovery. The Oztrail recovery hitch provides a central, easy to access recovery attachment point on any vehicle with a properly fitted 50mm tow hitch receiver.

Includes a solid metal shaft that slides into the hitch receiver and secured with the hitch pin. A zinc coating provides corrosion resistance, and the hitch comes complete with a 4.75T Bow Shackle.

An Oztrail Recovery hitch is a small investment that will make your 4WD outings fun, safe and hassle-free.

Includes 4750 Kg WLL Bow Shackle
Suite standard 50mm hitch receiver
Provides easy and reliable recovery point on your vehicle
