

## Companion Power Cooker & Stockpot Set

~~\$219.95~~ **\$169.90**

### Details

The Companion Power Cooker and Stockpot Set is designed to make cooking your freshly caught seafood a no-brainer.

This set features a cast iron burner with adjustable gas control, mounted on a powder-coated steel frame. It also comes with an aluminium stockpot and basket, so you'll have everything you need to cook up a storm. Assembly is super easy, all you have to do is connect it to a POL LP gas cylinder, and you're ready to rustle up your catch of the day. Cooking seafood can be a bit risky for those of us who are used to charring snags on the barbeque, which is why Companion have thrown in a thermometer - so you won't end up with a meal of rubbery prawns when you're trying to show everyone your excellent cooking skills.

Perfect for prepping meals for large groups down at the beach, on the campsite - or even in your own backyard, the Companion Power Cooker and Stockpot set is going to be your new best friend for cooking in the great outdoors.

Cast iron burner with adjustable gas control  
Simple assembly  
20L aluminium stockpot and basket  
Includes: Cooker, POL regulator and 1200mm hose assembly, carry storage bag, aluminium pot and basket, and thermometer
