

## Black Wolf Turbo 240 Tent

~~\$1,699.99~~ **\$1,189.00**

### Details

The Turbo 240 is an easy pitch tent that is perfect for those couples or small families who like to stay on the move when they get out and about. The Black Wolf Turbo canvas range is built for tough Aussie conditions, so this tent will be able to keep up with your active outdoor lifestyle.

This newly updated range has tape sealed seams where the floor and tent wall meet, and the fly has wider corners to guard against water leakage. The siliconised polyester floor is easy to roll which makes this tent even simpler to set up and more importantly - pack up. And with extra reinforcing along the roof poles, your turbo will have added sturdiness in windy conditions.

The three-pole awning can be turned into an extended living area with optional panels, or it can be sectioned off with an optional screen room for a fully enclosed space. The PVC storm flaps at the bottom of the optional front and side panels will help keep your awning dry in wet weather, and the zips and Velcro on the panels attach to the fly to allow for tape sealing for added water protection.

This model is perfect for extended trips when you're on the move a lot, as it's easy to set up and can withstand all kinds of weather.

- 3 pole awning
- Quick pitch frame
- Durable canvas construction
- Easy to roll siliconised polyester PU floor
- Extra fly coverage for improved weather protection
- Reinforcing on the inside of the fly for durability

### Specifications
