### Details

When you're lugging your food, shelter, and gear on a multi-day hike the last thing you have room for is a nice chair to sink into at the end of the day, right? That's where you're wrong! The Sea to Summit Air Chair lets you take you Sea to Summit Sleeping mat and repurpose it into a comfortable and lightweight place to rest at the end of a long day out in the elements.

Made from a durable 70 denier base, with a waterhead rating of 2000mm - you won't have to stress about ruining your mat by using it as a chair. With an elasticated gusset on each side, the edges of your mat won't get damaged, so you can rest easy.

Sea to Summit have cleverly and efficiently designed this chair to be lightweight, and they've managed to do that with minimal panels, straps and buckles. Turn your hiking mat into a comfortable seat to rest on, with an Air Chair from Sea to Summit.
