Details

Sure, the Ohana sandal from Olukai may look like an average run-of-the-mill slip-on shoe, but looks can be deceiving.

The Ohana gives you excellent arch support and stability for a slip-on shoe. The cushiony foot EVA footbed really makes a huge difference, as your foot will get constant support throughout the day. The bottom of the Ohana also turns up slightly, so you'll get less dirt, leaves or any other debris between your toes or under your foot.

The water-resistant synthetic strap is made from ultra-soft quick-drying jersey knit lining, which makes them a comfortable and practical option. If your average, run-of-the-mill thongs are giving you trouble, then there's a more comfortable, supportive and well-made option available - and that's the Ohana from Olukai.

Quick drying
Non-marking rubber outsole
Water-resistant synthetic strap
Anatomical compression-moulded EVA midsole

Specifications

Snowys Code:	14971
Supplier Code:	20110-060
