

Outback Australia Seam Sealer

\$14.90

Details

Stop that leaky tent in its tracks with the Outback Australia Seam Sealer. This nifty product is great to have on hand whenever you head off the grid, as a leaky tent results in a bunch of very unhappy campers.

This stuff is made to withstand Aussie conditions - which let's face it - can be pretty rough, so you know it's going to get the job done properly. All you have to do is apply this sealer evenly to the seams onto nylon or synthetic fabrics, wait for it to dry, and you'll be good to go!

You can use Seam Sealer on tents, raingear, backpacks and tarpaulins - so it's a pretty solid investment that'll save you plenty of grief in the future.

Made tough for Aussie conditions
Waterproof sewn seams on nylon and synthetic fabrics
Can be used on tents, rain gear, backpacks and tarpaulins
