### Details

Pair a cushiony Cotton Canvas Sleeping Bag with your trusty swag and you'll be all set for a solid night's sleep under the southern skies.

The filling is non-allergenic hollow fibre which will keep you warm, while the flannel cotton inner lining feels soft, and is easy to take care of. The outer shell is made from cotton canvas, which gives it the durability you'll need for rugged outdoor adventures. If your noggin gets a little chilly at night, just draw the cocoon hood in for a cosier sleep. You can get in and out of your bag with ease as one side has a full length auto-lock side zip, and a Velcro closure so you can maintain the zip position as you sleep.

With an overlapping foot zip for decreasing cold spots, and a twin zipper that allows you to adjust the foot zip from either side - so you won't have to wake up in the middle of the night freezing cold, or covered in sweat. The Eziglide zip guard will help prevent snags, so you can adjust you sleeping bag at night without any big mishaps. This bag is designed to fit inside a swag, so it's going to be perfect for all you outback tourers out there.
