### Details

Roomy and ready for a cosy night out under the heavens - the Lawson Jumbo Hooded sleeping bag from OZtrail is what you need for a solid sleep.

This bag has a ripstop fabric outer for durability and has a 100% polyester outer shell for protection against the elements. The non-allergenic hollow fibre fill will insulate, while the chest collar will help to keep you toastier as it helps to prevent loss of warm air. When it's cold outside, just draw the hood tightly around your head to prevent warmth escaping and maximise cosiness.

Featuring zip guard to prevent any dead of night battles with the zip on your bag, and a draft tube to prevent cold air from sneaking in through the zip. The Velcro closure secures the bag at the top, which allows you to then unzip the bag to your liking to control airflow. You can also zip two bags together for the ultimate sleeping set up.
