 Sleeping Bag**

Details

This winter you can wrap yourself up like a warm toasty burrito with the OZtrail Alpine View Jumbo Hooded sleeping bag.

With a hood and flannel liner, you'll be extra warm and comfy when you're in the great outdoors. The Alpine View is made from a non-allergenic fibre that insulates the bag to protect against even the coldest Australian temperatures.

The outer fabric is durable and strong to prevent any rips or snags and the zips have draft tube coverings to prevent any cold air from sneaking in. You can regulate the airflow and temperature by adjusting the zip, plus you can keep the bag nice and snug thanks to the Velcro closure at the top of the bag.

- Cotton flannel lining
- Draft tubes over zips keep cold air out
- Zip guard helps prevents zip from snagging
- Velcro closure allows temperature control
- Cap top compression bag included
