Details

It's not easy to hold a trowel in one hand, and a roll of toilet paper in the other, while taking care of business in the bush. Chances are you're going to drop one or the other, which given the task at hand - may not be the most hygienic way to go about it.

Lucky for us, Sea to Summit have come with a pretty ingenious solution, and it's called the Outhouse Toilet Roll Holder. This ultralight and handy toilet roll holder can be hung from a nearby tree, or around your neck to make cleaning up after a loo visit totally hassle-free.

This bag is seam sealed and fully waterproof, so all you have to do is add a roll of toilet paper, and you'll be all set to dispense at will when you're off the grid.
