

Coleman
Instant Up Gold 6PV Dark
Room Tent

~~\$699.99~~ **\$449.00**

Details

Just because you like adventuring, doesn't mean you want to get up at 5am. If you're sick of the morning sun ruining your sleep ins, then Coleman have the answer for you. Their Instant Up Gold 6PV Dark Room Tent has a special coating on the rainfly which blocks out 95% of light and reduces the heat in your tent by up to 5°.

Setting up this tent is easy - simply lay the tent down, spread the fabric out, extend the poles until they lock into place, then throw the fly over, peg it out - and you're pretty much set! The front features a vestibule which helps add to your living space, and you can also pitch out the two-pole awning at the front of the tent for extra shade, plus there's a second door at the rear of the tent that can also be extended as an awning. You won't lose your devices amongst the rest of your stash as the Instant Up Dark Room Tent features interior organisers and a storage hammock.

This tent features a durable polyoxford PVC floor for toughness, a 3000mm waterhead rated fly to keep off a drizzle and has ventilation covered thanks to the ultrafine mesh and the Coleman Circle Ventilation system.

Best of all, you can put the kids to bed early and have them out like a light, thanks to the dark interior. For lazier mornings, and peace and quiet at night - the Coleman Instant Up Gold 6PV Dark Room is the tent you need.

- Front vestibule for added living and storage space
- Fly blocks 95% of sunlight and keeps inside 5° cooler than untreated tents
- Instant up hub frame design sets up in under 2 minutes
- Front and rear doors can be pitched as a 2-pole awning
- Hook and loop strip on awning for attaching to Coleman Deluxe Gazebos
- Coleman circle ventilation for added airflow
- Ultra-fine mesh throughout
- Integrated storage hammock and organisers
- Power cord management system
- 2 x welcome mats to keep your tent clean and dry
- Heavy duty carry bag
- 2 x awning poles included
- Fits 2 x Queen airbeds
