

Zempire Aerobase 4 Deluxe Wall

\$64.99

Details

Open sides on your Aerobase shelter are great on calm, warm and sunny days, but let's face it - we're not in control of the weather. With the Aerobase 4 Deluxe Wall, you can enclose the side of your shelter to keep out the breeze, protect from light rain or even add more shade when the light gets low in the sky.

Easily attached with zippers, the window on this wall can also be closed from the inside to make it easier to adjust your wall as you need to throughout the day. There are also toggles attached to make it super easy to roll part of the panel down.

- 2-way zip on windows
- Mesh and solid panels
- Internally closing windows
- Toggles to partially roll back
- Lower leg points to keep base secure

Specifications

Snowys Code:	138678
Supplier Code:	0176502-00000
Packed Dimensions:	30L x 22W x 9H cm
Material:	150D Oxford Polyester Polyester Mesh
