

## Zempire Aerodome II Pro Air Tent

**\$1,799.99**

### Details

Spacious, inflatable and full of clever features, the Aerodome II Pro from Zempire represents the future of camping in the great outdoors.

The fully inflatable frame is easy to inflate thanks to the included double action pump and pressure gauge to prevent overinflation. This tent is constructed from the brand's strongest and most waterproof fabric - UN Spec 210D ripstop which has a whopping 10,000 waterhead rating. It's also fully seam sealed with a sewn-in groundsheet to protect you from sodden ground.

Featuring individual sleeping rooms, a living space and awning - this tent is very roomy and livable. The interior features side mesh windows for controlling airflow in the tent and tinted windows for privacy from prying eyes. There's a roof skylight for some natural light or lantern rigging for when you need to brighten your tent at night.

The Gull-wing door creates an integrated awning extension, and the awning pole set is included with the tent. With an integrated cupboard and internal storage ladders - you can organise all your gear inside your tent with ease. Topped off with an included bag for carrying to and from the campsite - this futuristic shelter will make family camping trips feel luxurious.
