Details

The Zempire Monstamat Twin is the affordable yet plush double camping mattress that you've been searching for, and now you've found it!

The surface of this mat is made from 40D Super Stretch Ripstop fabric for durability and comfort, while the base is Polyester TPU which is a little more hardwearing. The Megamat has a 3D construction, is cross-cored, and features anti-bacterial foam to prevent moisture from building up inside the mat making it a quality mat for the price.

With 10cm of cushioned support, the Monstamat really amps up the competition in the camping mat category. The high-volume valve lets air flow through easily, so you can inflate and deflate this mat with ease. This mat is also fully bonded, so you won't have one hip sink into the ground onto the cold tent floor while you sleep.

Carrying and storing this mat is easy-peasy, as it comes with its own carry bag with an included strap. The roomy Zempire Monstamat Twin has an excellent balance of price, weight and comfort for those who are after a camping mat that won't burn a hole in your wallet.
