

Oztent
RX-4 Tent + Panel System & Floor

~~\$1,999.00~~ **\$1,799.00**

Details

When travelling with a family, you want a shelter that's reliable, quick to pitch and with plenty of room - which is where the Oztent RX-4 comes in.

The great thing about the RX-4 is how versatile it is. Its design is built on their original 30-second tent, but with full height and two rooms for extra living or sleeping space. You can set up the main part of the tent on its own or add the side panel system and floor which creates a fully sealed two-room tent. This tent is constructed from Oztent's fully waterproof, UV resistant and CPAI-84 flame retardant ModCan material for strength and durability over your many adventures.

The RX-4 features a No-See-Um mesh skylight which allows you to stargaze while keeping out insects and providing extra air flow. This model also comes with a fly included which will help to keep the tent cool when the weather is hot and reduce condensation in chillier conditions. Spacious, easy to use and weatherproof - the RX-4 is perfect for families or groups who love to explore.

- Fully waterproof tent
- Full head height
- Sleeps 4-8 people
- Sealed PVC tub floor in tent plus zip in floor for awning
- Includes complete panel system (single panel covers 3 sides)
- No-See-Um mesh skylight for stargazing and ventilation
- Fly included for less condensation and to help regulate temperature
- Flame retardant, waterproof UV resistant and strong ModCan material
