

Oztent
RX-5 Tent + Panel System & Floor

~~\$2,199.00~~ **\$1,759.90**

Details

Designed around Oztent's legendary 30-second tent, but with the addition of another room for extra space, the RX-5 is ideal for families who love adventure.

This tent is constructed from the Oztent new ModCan material which is completely waterproof, UV resistant, and CPAI-84 flame retardant so it'll stand up to use in the harsh Aussie climate. The complete panel system and zip in entry floor combine to create a second weather protected room, so the RX-5 has one room for living and one for sleeping in.

The main room of this tent has a skylight that can be zipped open to expose no-see-um mesh which keeps out insects while providing a great view of the stars. The RX-5 also comes with a fly which will help reduce condensation in the cold and keeps the tent cool when it's hot.

If you're after a tough, weatherproof and easy to pitch tent for family trips away, the RX-5 is the shelter that you can rely on.

Full height 2 room tent based on Oztent 30 second tent
 Fully waterproof
 UV resistant
 Sleeps 5-10 people
 CPAI-84 fire rating
 Mesh skylight for sky gazing
