Details

The RS-1 takes Oztent's beloved 30-second frame and puts it into a roomy king single swag, so you can spend more time chilling out, and less time setting up.

This strong aluminium frame is super easy to use, you just lift it up and your shelter will be set up in under 30 seconds. The RS-1 is made from ModCan material, which is CPAI-84 flame retardant, so it will give you some peace of mind when setting up near your campfire. This swag also has a PVC tub floor offers protection from sodden ground while the No-See-Um mesh will keep out insects and allow ventilation.

The awning has a reflective underside, which means you can just flip it over the swag to use it as a fly or set the awning up for some extra shade depending on the weather. For comfort, this swag comes with an integrated removable mattress, and they've also thrown in guy ropes, pegs, two telescopic awning poles and a carry bag for easy transport and set up.
