

## Black Wolf Grasshopper UL 2 Hiking Tent

**\$269.90**

### Details

The Black Wolf Grasshopper UL 2 has innovative pole configuration that gives it the stability of a dome tent, great headroom and two convenient entrances with vestibules covering both. This is what sets it apart from other 3-season, 2-person tents.

The now lighter nylon ripstop fly, nylon PU floor and heat-taped seams ensure water repellency in bad weather. There is excellent air flow through ventilation from the mesh inner, plus extra vents in the fly. Pitching is easy, as the poles and pole end webbing and clips are colour coded, and there are cord lock peg points for flexibility when setting up. This tent features a teardrop-shaped door with zips all around on either side, which makes access easy.

Storage wise, the dual side vestibules are invaluable for stashing your boots, pack, and even your wet or muddy gear out of your sleeping space. The reflective strips make the tent easy for you to locate at night, while during the day the ecologically friendly green colour blends in with the environment.

Great for the adventurous couple or solo hiker who likes a little extra room, you can rely on the Grasshopper UL 3 to shelter you on your trip.

- 400D ripstop nylon fly
- Cord lock peg points
- Heat-taped seams
- Mesh inner
- Colour coded poles, pole end webbing and clips
- Dual side tear shaped doors
- Good headroom throughout
