

## Grayl Ultralight Water Purifier & Filter Bottle

**From \$99.90**

**Available colours:**

Blue | Green | Black

### Details

Gone are the days of waiting 20 mins for your water to be drinkable, the Grayl Ultralight Purifier and Filter Bottle lets you purify water in just 15 seconds wherever you are.

This bottle will remove 99.9999% of viruses, disease-causing bacteria, and protozoan cysts. It will also filter out particulates like sediment and silt, chemicals such as chlorine and iodine, and finally heavy metals such as lead or arsenic. Not bad for a water bottle huh?

Just fill it up, press down on the filter and the water is ready to drink. Not only does this filter system get rid of nasty viruses and dirt - it also improves the taste and odour of the water so that it actually tastes good. The Ultralight Purifier provides you with 2 liters of water per minute, and the purifier cartridge is effective for 300 uses.

The durable constructed is designed to handle harsh environments, and it's made from food grade silicone, ABS food grade plastic, and polypropylene. It's also chemical free, BPA free and antimicrobial, so you can have peace of mind when you use it. To top it off, the Ultralight Purifier features an integrated attachment loop clipping onto your pack or side pocket.

Get clean drinking water quickly and easily off the grid with the Ultralight Purifier from Grayl.
