Details

The Nomad 1P from OZtrail is a light and breezy hiking tent for a fuss-free weekend adventure. Designed to be minimal so you can carry less, the Nomad 1P has shorter section fibreglass poles to make packing and transporting this tent super easy.

Featuring a No-See-Um mesh for plenty of airflow inside your space, and to keep insects out of your shelter no matter how small they are. The polyester fly has a UVTex coating which will protect it from UV rays while also creating a waterproof barrier. The Nomad also has a tub style floor to prevent water sneaking in, plus heat taped seams to keep out leaks.

The generous size door prevents tripping, while the internal storage pocket allows you to keep your keys or phone out of the way of the tent floor. On your next overnighter or weekend hiking trip, the Nomad 1P from OZtrail is a lightweight and uncomplicated shelter option.
