

OZtrail
Mitchell Discovery KS Swag
\$299.90

Details

There are a few reasons why the Mitchell Discovery Swag from OZtrail is our biggest seller- it's well made, easy to use, and won't break the bank. What more could you ask for?

If you prefer your swag to blend into the lay of the land, then the Khaki version is built just for you. Constructed from tough 330gsm ripstop canvas to keep off the elements from above, and with a 520gsm PVC vinyl bucket floor to protect you from sodden ground - the Mitchell is built for Aussie conditions.

The large full top opening makes getting in and out of this swag easy, while the head and foot awnings facilitate ventilation. When the weather is cold keep the canvas layer zipped up, and when it heats up unzip to the No-See-Um mesh layer for airflow and insect protection in a warm climate.

This dome swag features Durallium 7001 Alloy poles for stability and to increase your interior space, and you can add an optional centre ridge pole to pitch the Mitchell without guy ropes. The 5cm high-density open-cell foam mattress provides a solid base to sleep on, and you can keep your phone or headtorch close in the two inner storage pockets.

Perfect for campers who like a compact bedding option, or the tourer who wants a quick and easy set up by the side of the road - the Mitchell Discovery offers a tough and durable and affordable place to rest your head at night.

King single size
 Canvas and No-See-Um mesh openings
 2 x inner storage pockets
 Head and foot awnings
 Canvas carry bag included
 Heavy-duty guy ropes and sturdy pegs included
