

OZtrail Ridgeback Discovery King Single Swag

Details

If you camp and tour in really harsh conditions, then chances are you need swag that has the extra oomph to withstand the elements. The OZtrail Ridgeback Discovery is made from extra tough canvas and a heavyweight base so it's perfect for rugged adventures.

A little different from the other OZtrail swags, this model is made from 400 gsm Ripstop SatProof 600+ canvas which provides extra durability. It also has a puncture resistant 520gsm PVC vinyl bucket floor which will protect the floor from rough terrain.

The dome design features two Durallium 7001 alloy poles which provide generous interior space, and it also has a centre ridge pole which makes the Ridgeback self-supporting and easy to pitch. The protective windows allow you to still ventilate when the weather isn't ideal, and the no-see-um mesh door will allow for airflow while keeping insects out.

You'll be comfy thanks to the 5cm high-density open cell foam mattress, and you can keep your keys, phone and headtorch easy to access in the interior pockets on this swag. If you're after an extra durable swag for outback touring and camping expeditions, then the Ridgeback Discovery from OZtrail is just what you need.

- Super tough canvas
- Heavyweight PVC vinyl base
- Dome style swag with two poles and ridge pole
- No-See-Um Mesh door
- Internal storage pockets
- Protective window awnings for ventilating in all weather conditions
- Canvas bag, heavy duty guy ropes & sturdy pegs included
