

OZtrail
Skygazer 6XV Dome Tent

~~\$379.95~~ **\$249.90**

Details

The largest tent in the Skygazer series from OZtrail, the Skygazer 6XV is an easy pitch dome tent that provides lots of headroom without the excess footprint. Perfect for sheltering you and a few mates or a family at a festival, or on a weekend away.

With a polyester inner and No-See-Um mesh windows, you can ventilate your shelter while also keeping insects at bay. If you need more airflow, you can also just roll back the fly to prevent stuffiness. The heavy-duty bucket floor has elevated seams to prevent leaks, and the fly has a silver coating to reflect heat and provide a barrier if the weather is wet.

The extra head height inside the tent makes it more spacious, and the easy step D door makes getting in and out super simple. This tent features a longer vestibule for more storage and a PE groundsheet which allow you to create more space inside the tent. There's also a detachable bedroom in the front of the vestibule so you can have more sleeping room.

If you need an affordable or beginner's dome tent for a small group or family, then the Skygazer 4XV from OZtrail is the easy choice.

- Easy to set up
- Longer vestibule
- Detachable bedroom at front vestibule
- PE groundsheet
- Extra head height for more interior space
- Heat taped seams
- Heavy duty PE bucket floor
- No-see-um mesh windows
- Easy step D doors
