

Companion
XStream XP350 LED Lantern

~~\$29.95~~ **\$24.90**

Details

Lightweight, collapsible, and easy to hang - the Companion XP350 Lantern is a compact lighting solution for your outdoor adventures.

This lantern uses O ring COB LED technology which provides 360-degree illumination - so you'll have plenty of visibility when you need it. You can hang it up in your tent or shelter, or wherever else you need for overhead lighting by the included S hanging hook.

Powered by AA batteries, this lantern is also a solid choice to use in an emergency as it's not reliant on an AC or DC power source. And, when you need to pack it down in your pack, this light is collapsible to save on volume with the rest of your gear.

Keep your lighting simple on your next camping trip, with an XP350 Lantern from Companion.

O ring COB LED technology
Collapsible design
S-hook for hanging
4 x AA batteries included
