## Details

Soggy, freezing cold feet can put a dampener on any adventure, so if you're exposing your footwear to snow, rain, sun and salt, SNO-SEAL from Atsko is the reliable way to keep your boots dry. Originally created to protect ski boots, SNO-SEAL Wax will keep your footwear dry so you'll be comfortable even in the harshest conditions. This waterproofing product is made from beeswax, which unlike other greases or oils will lubricate and protect for longer and won't break down the leather or stitching on your shoes. Just clean and pre-heat your footwear, rub SNO-SEAL into the leather, remove the excess, buff it in and you're ready for the slopes. Suitable for use on all kinds of gear including hiking, mountaineering, golfing, soccer, cross country skiing, fishing, work footwear, casual dress shoes, gloves and other leather goods - SNO-SEAL from Atsko is a must-have for cold climate adventures. Suitable for use on all kinds of leather footwear Protects against rain, sun, snow and salt Lubricates and prevents deterioration Natural wax won't break down leather, stitching or seams Not recommended for suede as it will darken and flatten the nap
