

Black Wolf 3D 500 Sleeping Bag

From \$124.90

Available colours:

Blue | Green

Details

If your sleeping bag isn't keeping you snug, then warm up with the 3D Jumbo 500 Sleeping Bag from Black Wolf.

This sleeping bag is independently tested to the new international standard - ISO23537:2016 for reliability. With a comfort temperature of +1°C, and a lower limit of -5°C the 3D Jumbo will keep you comfy on autumn camping trips. The outer is made from ripstop nylon, to help prevent against wear and tear in the elements, the inner flannel lining provides soft comfort, and the 10cm side wall gives this bag it's roomy 3D internal volume.

To guard against a chilly breeze, the draft flap will act as a barrier while the contoured hood will keep your noggin covered. The anti-bite zipper guard prevents snags, while the night glow zipper puller makes it easy to find it at night without a struggle. If you like to keep your phone, or a light close to hand at all times - the hidden zippered chest pocket on the 3D Jumbo 600 is the perfect place to keep it.

And, when it comes to packing your bag away, the double cap compression bag will help you get it done in a jiffy. For a comfy night of sleep on your next camping trip, the 3D 500 from Black Wolf is the answer.
