Details

If your kid is heading off on a school trip, or a scout or guide camp then you should invest in a Star 500 Sleeping Bag from Black Wolf to keep them toasty warm.

The temperature rating of this bag is based on the Black Wolf adult sleeping bags, which are tested to the ISO23537:2016 standard. The draft flap will keep a cold breeze out, and the contoured hood will keep your little one's head cosy on cold nights. The anti-bite zipper guard will help prevent snags when in use, and the night glow zip puller ensures your child can get in and out of this bag with ease.

Another nifty feature of this bag is the hidden chest pocket so your little one can keep headtorch safe for any middle of the night bathroom visits. When it comes to packing up - the compression bag makes it easy to keep everything nice and compact. With adult features in a child-sized package, the Star 500 is a solid sleeping bag choice.
