

Thermal Ice Large Ice Pack

\$8.90

Details

If you're transporting goods that need to be kept cold on a trip, then the Large Gel Ice Pack from Thermal Ice is what you need.

Thermal ice lasts three times longer than actual ice, making it very convenient to take with you on the road. The great thing about thermal ice is that it won't absorb liquids, sweat, blood or odour nor will it produce bacteria so it's the hygienic choice. It's also made from reusable non-toxic gel, so you can just pop it in the microwave or freeze it depending on your needs.

If you need to improve the efficiency of your 12V camping fridge or icebox, then the Large Ice Pack from Thermal Ice is ideal.

1 Sheet per 18-24 Quarts
Lasts three times longer than ice
Reusable and non-toxic gel
Can be used as a hot or cold pack
