

Hard Korr 100W Flexible Folding Solar Mat with Crocskin

\$499.00

Details

Perfect for lightweight use, the Kor Lighting 100W Flexible Folding Solar Mat comes equipped with Crocskin® cell armour technology and a proprietary heat tolerant fibre backing to make them one of the toughest and most efficient portable solar panels on the market.

This folding solar mat has flexible and efficient SunPower cells, a strong and extra thick 1680D canvas and a detachable 5-stage digital PWM controller. It's also super lightweight, making it easy to travel with on the road. Made to perform in harsh climates, this mat can handle being folded and refolded on all your adventures. When the wind is picking up, you can easily secure it down as this mat has reinforced eyelets.

To set it up just unfold the mat, put it in the sun and connect the lead from the controller to your battery. Charge up your battery with the 100W Flexible Folding Solar Mat from Korr Lighting and you'll be able to power your lights, 12V fridges, TVs fans and other camping equipment with ease.
