

Milenco  
Aero 3 Extra Wide Towing  
Mirrors

**\$119.90**

### Details

If you have a 2.5m or 8-foot wide caravan (or a very narrow car), you'll need the extra wide arms on the Milenco Aero 3 Extra Wide mirrors to ensure an unimpeded and safe view of your van and the highway.

These Milenco mirrors have been engineered to be balanced and vibration free and have been extensively tested at speeds up to 255 kph. On top of this, these towing mirrors comply with the latest international regulations and pedestrian safety laws. They feature a convex chrome safety glass that has an extremely long life and the screws and fittings are made of stainless steel and brass that will never corrode.

The Milenco Aero 3 Towing Mirrors fit all current (post 1995-2018) vehicles (some exceptions listed below) with a new and versatile clamping system that conforms to the shape of just about any rear view mirror. This unique clamp system eliminated the need for straps which can often transfer vibration.

Extra long arms  
Convex safety glass  
Unique clamping system eliminates straps and reduces vibration  
Head design utilises airflow around the vehicle for stability  
Tested at speeds up to 250 kph  
Complies with the latest international regulations and pedestrian safety laws  
Aero 3 fitting exceptions:

Aero V Pads (3186) required for Kia Sorrento 2010 onwards  
Aero F Pads (4664) required for VW Group cars (Audi, Seat, Skoda) post 2013  
Aero F Pads (4664) required for Vauxhall/Opel Astra 2016 models  
Aero LR Pads (4466) required for Land Rover Discovery & Range Rover 2014 onwards
