### Details

Compact, stylish and with a large sized cooking area - the Weekender 2 Burner Stove from Companion is ready for your end-of-week adventure, just like its name.

You won't need to lug around gas cylinders or hoses on your next camping trip with the Weekender 2 Burner Stove from Companion. This is because it has a BOM regulator, so it can be used with Propane cartridges. The burners on this stove have built-in adjustable controls for better precision and a piezo ignition for easy use. This unit also has built-in windshields to keep the breeze from playing havoc with the flames while you cook, and a drip tray to catch anything that drops down.

And to top it off, the larger surface area makes it easier to rest bigger pots or pans making it ideal for cooking for a family or group. If you're looking for a convenient stove for family trips to the campsite, the Weekender 2 Burner Stove from Companion is just what you need.
