OD Round Steel Tube 2 Pk

### Details

Spanning tarp spreader bars that run between and perpendicular to two horizontal and parallel poles add stability to your shelter and stop tarp fabric from sagging. These Supa Peg C-Clips are ideal replacement inserts for such spreader poles, providing firm and reliable grip.

Various sizes available to suit all round tent poles, these are also suitable replacements for upright support poles, where a long spanning spreader needs some central support.

They are made of high impact nylon and are UV treated for long life and superior strength.

Suits horizontal spreaders and upright support poles  
Suits round tube profile  
UV treated  
Strong high impact nylon  
Made in Australia
