From \$3.50

Available sizes:

Suits 22.2mm OD Round Steel & Aluminium
Tube | Suits 22.2mm OD Round Steel &
Aluminium Tube 2 Pk

Details

This c-clip insert has a registered design to its name, it's made specifically to go into pole ends where a spreader bar is needed to support fabric throughout the centre of a shelter.

It has been engineered with the right angle so it will securely grip the tube and made of high impact nylon for strength so it's not going to fall off.

Available in sizes to suit large round tent pole profiles these are ideal replacements for broken, tired or maybe just unsuitable clips on the end of your existing spreader bar.

Right angle clip for secure attachment over the top of spreader bars
Registered design
Available for larger diameter poles
UV treated
Made in Australia
