Details

If the weather is looking like it might play up your next expedition, then protect your gear with a Pack Cover from Sea to Summit.

This cover is made from 70D nylon and has a 2000mm waterhead rating as well as tape sealed seams, so it will do a great job of keeping your stuff dry in the rain. It's also contoured to fit firmly around your pack and pulls in tightly to provide maximum protection in a drizzle.

When the bad weather passes, this cover packs down nice and compactly into its own stuff sack for storage. Shield your pack on a showery day with the Pack Cover from Sea to Summit.

Made from 70D nylon with 2000mm waterhead rating
Contoured shape fits securely around backpacks
