| X Large - 62 cm

Details

You'll be able to properly enjoy the sand between your toes, and the cool wind coming from the sea if the sun isn't blinding you - which is why you need the Ocean Breeze hat from Jack Jumper.

This hat is made from a combination of 50% cotton and 50% polyester and has a structured brim for shielding your face, and a leather toggle detail. The crown is made from mesh which will keep your head nice and ventilated while the sweatband will help keep sweat from building up on your brow.

If the wind picks up, you won't be that fool running down the beach after your hat as the chin strap on this hat means it will stay in place. The classic, breathable and practical Ocean Breeze Hat from Jack Jumper is a must for protection on your next holiday or weekend at the beach.

50% cotton and 50% polyester
Mesh crown for excellent airflow
Sweatband for comfortable wear
Structured brim with topstitching detail
Chin strap for securing
Leather toggle detail
