

## Companion Gas Safety Valve & Gauge

~~\$42.95~~ **\$32.90**

### Details

If you're going to be using a gas appliance when in the great outdoors, then for your peace of mind, pick up a Gas Safety Valve and Gauge from Companion.

This all one device detect leaks prior to ignition, shuts off the gas when there is a major leak and has a contents gauge, so you can easily see how much gas is left. This valve/gauge easily connects to a POL cylinder and is AGA safety certified, so you can trust that it will get the job done.

Whether you're cooking up a storm on the barbeque, using an outdoor heater, or firing up the stove to cook a meal, attach the Gas Safety Valve and Gauge from Companion.

Connects to a POL cylinder  
Ideal for use on all gas heaters, BBQs, caravans and more  
Emergency shut off when there is a leak or regulator failure  
Gas level indicator to see how much gas left in the cylinder  
Tests for minor gas leaks  
AGA Certified
