

Roman
**PWRGRID 6.5W Solar
Charger Kit**

\$59.90

Details

Giving your phone or other small devices some extra juice when you're away from the grid is simple with the PWRGRID Solar Charger Kit 6.5W from Roman.

This unit is designed to be tough so that it can withstand Australian conditions, so you can reliably charge your smartphone, camera, power bank, or GPS when you need to. Featuring SunPower 3.4W cells with ETFE cell lamination, this charger kit is made from the highest quality components for your peace of mind.

This charger kit also has an auto restart function which will automatically restart when the sun is interrupted by low light conditions. The PWRGRID Solar Charger Kit 6.5W from Roman is a reliable and compact way to charge your device when camping, hiking or exploring.
