Details

Lightweight, yet hardwearing and supportive, the Quest 4D 3 GTX women's boots from Salomon will keep your feet happy on your next trip. The upper is made from full grain nubuck leather and lightweight textile which makes them breathable yet still durable. With a higher cuff, these boots hug your ankle for support and also provide protection for your feet from the heel and toe caps. When you're travelling across wet ground, the mudguard around the base will add some protection and you can get a secure fit with the Sensifit lacing system. The interior has an EVA footbed and midsole to cushion your feet as well as a Gore-tex membrane which allows your feet to breathe while keeping water out. And the Contragrip sole provides grip when trekking on hard, loose or wet terrain. The boot that's made for walking comfort, the Quest 4D 3 GTX is light yet supportive enough for your trekking or backpacking expedition. Ideal for: trekking and hiking Gore-tex waterproof membrane Contragrip sole grips on wet, loose, hard or dry surfaces High top cuff for ankle support Protective rubber toe and heel cap Moulded EVA midsole provides lightweight cushioning Mudguard around the base of the boot Ideal for: backpacking and trekking
