

Bob Cooper Survival Kit

~~\$89.95~~ **\$74.90**

Details

The Bob Cooper Survival Kit will give you peace of mind when you're travelling remotely in the harsh Australian environment. This kit is made from quality components and amongst the 32 items in this kit are water sterilisation agents, first aid items, fire lighting tools, mini survival cards, a pocket knife, water procurement bags, signalling devices, fishing gear and a mini compass - so you'll have the tools you need for signals, shelter, water, warmth and food. And it comes with instructions and a survival tip sheet to guide you until help arrives. This kit is designed to be fairly lightweight and compact - so it'll fit into a large pocket and weighs only 434g. The Bob Cooper Survival Kit has been used by the Australian Defence Force as well as government agencies mining companies and pilots. On your next outback expedition, keep the Bob Cooper Survival Kit on standby in case you need it. Components provide warmth, shelter, water, signals or food. Designed and tested in the outback Made from quality components Comes with instruction and survival tip sheet until help arrives Tin fits in a large pocket and weighs only 434g 32 components which include: first aid items, water sterilisation agents, fire lighting tools, pocket knife, mini survival cards, water procurement bags, signalling devices, mini compass and assorted fishing gear
