### Details

Explore the world while easily carrying the gear you need with the Jet Pack 65L Travel Pack from Caribee. This main travel pack has an internal divider to make it easier to organise the majority of your gear, and the daypack zips off which is perfect for a day of sightseeing. The Jet Pack has an aluminium frame for support, while the rest of the back system has a fully adjustable harness with a sternum strap, padded lumbar support and a hip belt to comfortably carry your load. While your pack is in transit, you can just zip away the harness to protect the straps from getting snagged, and when it's out of sight the zips are lockable for your peace of mind. If you need to attach other gear, just lash them to the base QR webbing straps, and if the skies are stormy, just pull out the concealable rain cover. The Jet Pack 65L from Caribee is the adventure-ready travel pack that's perfect for your international expedition. 65L size Detachable zip off multi-functional daypack Adjustable harness system Sternum strap, hip belt and padded lumbar support Internal pre-contoured aluminium frame Zip-away harness cover protects the back system in transit Zippered shoe compartment with internal drawcord divider Concealable rain cover Lockable zip housings
