Details

The Led Lenser P7 torch is a quality unit, that's versatile enough to be used to illuminate your campsite, tackling some DIY at home, or keeping in your toolbox.

Made with a robust metal housing with high-quality gold contacts - this torch is built to last and provides an impressive 450 lumens of light. Powered by AAA batteries, the P7 provides 1 hour of light on high, and 25 hours on low. The rapid focus technology means that you can change the light beam with just one hand for efficiency.

And the Advanced Focus System allows you go from close range lighting to sharply bundled long-distance beam seamlessly. Light up your campsite, house or shed with the bright and nifty P7 torch from Ledlenser.

Wide range of applications
Rapid focus technology for changing the beam with one hand
Advanced Focus System for seamless beam transition
Robust metal housing and high-quality contacts
